

Decatur Area Safe Routes to School Walking School Bus call for volunteers

Decatur Area Safe Routes to School steering committee wants to be proactive in promoting the use of the walking school bus concept around William-Harris School. The walking school bus cuts down the amount of traffic around the school and encourages a healthy life style among children.

A walking school bus is a group of children who walk to and from school supervised by adults. Like a real bus, it travels at set times and set routes. Children will board and leave the bus at stops situated close to where they live.

Running a successful walking school bus requires an enthusiastic parent or other adult from the community (as a driver or conductor) who wants to be involved in keeping the children safe and healthy. If you are that person please fill in the following information:
