CITY OF DECATUR ILLINOIS

#1 GARY K. ANDERSON PLAZA

DECATUR, ILLINOIS 62523-1196

October 27, 2008

Honorable Mayor and City Council
City of Decatur
Decatur, Illinois 62523

The Comprehensive Annual Financial Report of the City of Decatur, Illinois for the year ended April 30, 2008, is hereby submitted. This report represents a comprehensive and detailed picture of our financial transactions during fiscal year 2007-08 and the financial condition of the various funds at April 30, 2008. This report was prepared by the City's Department of Financial Management. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all the disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and component units of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The financial reporting entity includes all of the funds of the primary government (the City of Decatur as legally defined), as well as all of its component units. We have addressed all potential component units. We have determined that DCDF, Inc. although a legally separate entity is part of the City's operations and should be included as part of the primary government. Accordingly, DCDF, Inc. is reported as an enterprise fund of the City. We have determined that the Civic Center Authority is fiscally dependent upon the City and is discretely presented in the financial statements. See Note 1-A for a more detailed explanation of the blended and discretely presented component units.

The City of Decatur was incorporated in 1836, and since 1971 has operated as a home rule unit of local government pursuant to the Illinois Constitution. The City has a managerial form of government, under which the elected Mayor and City Council discharge the legislative function and establish municipal policy, and an appointed City Manager is responsible for all administrative functions. The City provides the full range of municipal services contemplated, by state or character. This includes police, fire, water, streets, public improvements, planning, zoning, and general administrative services.

ECONOMIC CONDITION AND OUTLOOK

Unemployment Figures

	<u>April 2004</u>	<u>April 2005</u>	<u>April 2006</u>	<u>April 2007</u>	<u>April 2008</u>
Decatur Metro Area	6.8%	6.0%	6.1%	5.2%	5.7%
State	6.1%	5.8%	5.0%	4.8%	5.4%
National	5.4%	5.2%	4.7%	4.5%	5.0%

There continues to be a strong sense of optimism in the community. As can be seen above, the unemployment rate increased significantly in 2008, and is nearly 1.0 percent lower than it was four years ago. While Decatur is slightly above the state and national average, the improvement in Decatur has been more significant. Decatur has several projects ongoing that will improve the quality of life and/or the overall economy. Many of these projects will become reality even though the overall economy could be stronger. Because of the efforts that have been made, good things continue to happen.

During fiscal year 2002-03, the City Council passed four new taxes for the General Fund. The four new taxes were the 2 percent food and beverage tax, a 1.25 percent utility tax, a 6 percent telecommunications tax, and a .25 percent increase to the local sales tax. It was estimated that these new taxes would generate an additional \$6,200,000. Those taxes are currently generating about \$9,000,000.

The City Council voted to reconfigure the enterprise zone which expired during 2003. The enterprise zone has been an effective economic tool, and the Council felt strongly that it should be retained with modest changes to the zone. The majority of the community's growth in the enterprise zone for the next few years is anticipated to be business retention and expansion. When the original enterprise zone was closed out the City realized a substantial increase in Equalized Assessed Value (EAV). The City Council and administration continue to believe that the enterprise zone is a vital economic development tool.

Wabash Crossing had its official groundbreaking in October 2003. The Hope VI project has been in the development stage since 1999 when the federal government awarded the Decatur Housing Authority a \$35 million Hope VI grant. The City of Decatur has contributed millions of dollars to the project by purchasing over 400 blighted and neglected homes and demolishing them. The vacant land, in excess of 120 acres, has been contributed to the Wabash Crossing project. The City, Decatur Housing Authority and East Lake Management and Development Corp have entered into a three-party agreement to build a multimillion Wabash Crossing housing development on the City's near north side. The vision is to rebuild the area using a combination of mixed income housing and retail businesses that will attract a diverse population.

Phase I of Wabash Crossing, which included 206 rental units, was completed in 2005. City officials estimate that this development will bring in more than \$115 million in new community investment. Funded in part through a \$34.5 million Hope VI grant from the U.S. Department of

Housing and Urban Development, the plan is expected to bring a brand new community to a part of the City just north of the central business district through the addition of more than 600 new homes, retail and social service options. Additionally, the Decatur School District built a new school in the neighborhood as part of its \$27 million capital improvement program.

Phase II, which is now complete, is the continuation of redeveloping the Near North neighborhood with a mixed-use development including single, duplex, fourplex and multi-family units. Of the total units, 175 rental units will be located in 38 buildings and 27 owner-occupied units will house single-family residences. Phase III, which is nearing completion, includes 90 units in 30 building.

The City Council approved a purchase agreement with Target Corporation in February 2003. Construction of a 125,000 square foot store began in June of 2004 and opened in March 2005. The City purchased the 19 acre site from the Decatur School District for \$5 million. While the City paid for the demolition of two schools on the site, Target paid for the construction of the store and other site work. A Starbucks retail store and a new Olive Garden restaurant have now been constructed. The remaining acreage at the site will be developed for other retail stores and restaurants.

Both of the City's local hospitals have undergone multimillion-dollar expansion projects. Plans for St. Mary's Hospital's new \$1.4 million 40,000 square-foot expansion are nearly complete. Decatur Memorial Hospital has also added office space while its new Heart & Lung Institute provides levels of care previously unavailable in the immediate area. St. Mary's Hospital will soon begin construction of a new 35,000 square foot facility at an estimated cost of \$17.0 million and Decatur Memorial Hospital & Cancer Care Specialists are beginning construction of a new 55,400 square facility, at an estimated cost of \$15.0 million.

The City Council approved a downtown redevelopment project by Reynolds Development, LLC to build a new 95,000 square foot structure, which will be used for office/retail and commercial development. The proposed project is expected to exceed \$12.4 million. The City believes that this project will encourage new development in a downtown area currently filled with vacant buildings, and should be completed early this fall.

Archer Daniel's Midland announced a partnership with the Midwest Geological Sequestration Consortium to work on a project to demonstrate carbon dioxide storage capacity in underground formations. Researchers are looking for uses of carbon dioxide other than emitting it into the atmosphere. The project is expected to cost \$84.3 million.

Star Tek call center has made the decision to add 300 new employees and take the facility's workforce from 270 to nearly 600 employees. The facility opened its doors in 2003 and the expansion will have a positive impact on the community.

Caterpillar Inc. has announced that its off-highway truck production will expand in the Decatur plant. Five facilities in Illinois will be affected as a part of a \$1.0 billion investment from 2008 to 2010.

Secure Energy has begun construction of a new plant in Decatur. The new facility, which plans to make natural gas from coal, is due to come on line by 2011. The cost of construction is estimated to be \$550 million and will create 60 full-time jobs in addition to construction jobs and supporting jobs in trucking and mining.

Sterling Development, LLC on behalf of Heritage Place at Lakeshore has begun construction of an 80-unit apartment for seniors overlooking beautiful Lake Decatur. The project will have 36 single-bedroom units and 44 two-bedroom units. Along with the 80 residential units, there will be community amenities such as: beauty salon, recreational room, activity center and library.

Primrose Retirement, a senior retirement community, is currently under construction in Decatur. Once complete, the development will include a 68-unit independent and assisted two-story apartment building with exterior garages, and 25 independent living villa units with attached garages providing housing for seniors.

MAJOR INITIATIVES

The City of Decatur continues to have a very aggressive capital improvement program. Some of the infrastructure projects and programs for 2007-08, which total more than \$14.3 million, include:

Street Repairs and Maintenance	\$ 4,500,000
General Capital Projects	1,200,000
Equipment Replacement	2,600,000
Sewer Repairs	1,300,000
Dredging Lake Decatur	800,000
Water Plant Improvements	3,100,000
Lake and Distribution Improvements	800,000

As can be seen, the City Council has dedicated substantial funds to maintain and improve its infrastructure, including water system improvements, street and road repairs, drainage improvements and sewer repairs. They have also been diligent to replace other equipment as needed.

FINANCIAL INFORMATION

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operation of the funds is accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and as applicable, expenditures. The individual funds account for the governmental resources allocated to them for the purpose of carrying on specific activities, in accordance with special regulations, restrictions, or limitations.

Brief Overview of City Funds

Funds are arranged as follows:

- I. MAJOR GOVERNMENTAL FUNDS
 - A. General Fund
 - B. Library Fund
- II. NON-MAJOR GOVERNMENTAL FUNDS
 - A. Special Revenue Funds
 - B. Debt Service Funds
 - C. Capital Projects Funds
- III. MAJOR PROPRIETARY FUNDS
 - A. Water Fund
 - B. Mass Transit Fund
- IV. NON -MAJOR PROPRIETARY FUNDS
- V. INTERNAL SERVICE FUNDS
- VI. FIDUCIARY FUNDS
- VII. COMPONENT UNIT
 - A. Civic Center Authority

This is the fifth year the City has prepared financial statements following GASB Statement 34. This statement creates new basic financial statements for reporting on the City's financial activities as follows:

City-wide financial statements - These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by most businesses.

Fund financial statements - These statements present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities accrual information presented in the City-wide financial statements. Proprietary and Fiduciary funds use the accrual basis of accounting.

As a part of this new reporting model, management is responsible for preparing a Management's Discussion and Analysis of the City. This discussion follows the Independent Auditor's Report, providing an assessment of the City finances for 2008 and a comparison, where available, to performance in 2007, a description of significant capital asset and long-term debt activity during the year and analysis of resources available for the future.

The management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of the control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework.

Single Audit

As a recipient of federal and state financial assistance, we are responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to these programs. The internal control structure is subject to periodic evaluation by management and internal audit.

As a part of the City's single audit, which was described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the City complied with applicable laws and regulations. The results of the single audit for fiscal year ending April 30, 2008 disclosed no instances of material weakness in the internal control structure or material violations of applicable laws and regulations. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Controls

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the general, special revenue, capital projects, internal service, and enterprise funds except for the Task Force X Fund, special assessments, DCDF Inc., and debt service funds are included in the annual appropriated budget. Supplemental appropriations recommended by staff must be approved by the Council. The level of budgetary control (that is, the level at which expenditures can not legally exceed the appropriated amount) is by department, therefore, expenditures within a fund can not legally exceed appropriations on a departmental level. The City also maintains an encumbrance accounting system as a technique of accomplishing budgetary control. Estimated purchase amounts are first compared to the available appropriations prior to the release of purchase orders to vendors and outstanding purchase orders are subtracted from the available appropriations on

the monthly report. All unexpended encumbrances lapse at year end and must be re-appropriated in the subsequent year's budget. As demonstrated by the statements and schedules included in the financial section of the report, the City continues to meet its responsibility for sound financial management.

CASH MANAGEMENT

As of April 30, 2008, approximately 100 percent of the idle but obligated funds were invested to interest-bearing securities. The City has adopted formal investment policies and procedures as required by state statutes and approved by the City Council. The City's investment policy also established maximum limits for investments in non-collateralized certificates of deposit and money market accounts. The City has also entered into joint custody agreements with the five largest banks in the City. These institutions have agreed to place a specified amount of U.S. government securities as collateral for the City's bank deposits at the Federal Reserve banks in Chicago and St. Louis, and are in the City's name. The participating banks may not reduce the pledged investments in these accounts without written approval of the City. The City's investment policy provides for the limited investment in commercial paper in only the top-rated commercial paper issued by major corporations.

The City operates a pooled cash and investment program where similar funds are recorded in one bank account, which allows for larger investments with slightly longer maturities. This results in higher investment earnings for those funds with relatively small average cash balances. Monthly interest income earned by each pool is distributed to the individual funds based upon its average daily cash balance.

RISK MANAGEMENT

Decatur is self-insured for comprehensive general liability, employee dishonesty, automotive, property damage, workers' compensation, medical and unemployment compensation. The self-insurance fund is used by the City to pay the costs of the self-insurance program. Resources accumulate in this fund for payment of claims. In addition, various safety and risk control techniques including accident and prevention training have been implemented during the year to help minimize accident-related losses.

OTHER INFORMATION

Independent Audit

State statutes require an audit by independent certified public accountants. The audit was performed by Clifton Gunderson LLP. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Federal Single Audit Act and the related U.S. Management and Budget's Circular A-133. Generally accepted auditing standards and the standards set forth in the General Accounting Office's *Government Auditing*

Standards were used by the auditors in conducting the engagement. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports on internal controls and compliance with applicable laws and regulations can be found in the Single Audit section of this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Decatur for its Comprehensive Annual Financial Report for the fiscal year ended April 30, 2007. This was the thirty-fifth consecutive year that the City of Decatur has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Use of the Report

The GFOA reports a growing awareness that the annual financial report should be management's report to its governing body, constituents, oversight bodies, resource providers, investors and creditors. We agree with this direction, and in keeping with past practices will send a copy of the report to the City's elected officials, City senior management personnel, bond rating agencies, bond depositories, the City's library, and other agencies, such as, financial institutions and governmental agencies which have expressed an interest in Decatur's financial affairs.

In addition to the vast amount of financial information presented, there is included herein a Statistical Section containing comprehensive data which relates to the financial condition of the entire governmental structure of Decatur. There is also a section referred to as Management's Discussion and Analysis which provides additional information about the past year in the city. While it is not filled with detailed financial statements, it does give a clearer picture of what has taken place over the past year. Use of this report by the elected officials and department directors of the City is encouraged when furnishing information in a uniform manner on a nationwide level, making this report more valuable to those desiring information on the financial and operational abilities of the City.

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Financial Management Department. We would like to express our appreciation to all members of the department who assisted and contributed.

A special thank you is to be given to Patricia Hansen, Comptroller, and Donna Rollins, Auditor, for their work with the auditors to ensure that the financial information was received in a timely manner. We would also like to thank the members of the City Council for their interest and support in the planning and conduct of the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

John A. Smith
Interim City Manager

Table of Organization

Independent Auditor's Report

The Mayor and City Council
City of Decatur, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Decatur, Illinois (City) as of and for the year ended April 30, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Decatur, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Civic Center Authority, which is included as a discretely presented component unit. These financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for such component units, is based solely on the report of other auditors. The financial statements of the Civic Center Authority were not audited in accordance with *Government Auditing Standards*.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Decatur, Illinois as of April 30, 2008 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2008, on our consideration of the City of Decatur, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis, budgetary comparison information, schedule of funding progress for Illinois Municipal Retirement Fund, and schedule of employer contributions are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Decatur, Illinois' basic financial statements. The combining and individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical tables listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Clifton Gunderson LLP

CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008

As management of the City of Decatur ("City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended April 30, 2008. Since the Management's Discussion and Analysis ("MD&A") is designed to focus on the current year's activities, resulting changes and currently known facts, it should be read in conjunction with the City's financial statements.

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the City's finances. Questions concerning this report or requests for additional financial information should be directed to the Director of Financial Management, City of Decatur, #1 Gary K. Anderson Plaza, Decatur, Illinois, 62523.

Financial Highlights

While the national and state economy has fallen on hard times, Decatur continues to enjoy many new projects that promise to create new jobs and hundreds of millions of dollars in new investments in the community.

In 1999 the Decatur Housing Authority received a \$34.8 million HOPE VI grant to demolish the Longview Place public housing development and build a new mixed income community called Wabash Crossing. The plan was to build the new development in three phases. The first phase of 206 rental units and the second phase of 175 units are already complete and over 260 units are leased. Phase III includes 90 units in 30 buildings of five different types over a development site of approximately 21.5 acres.

Target Stores Inc. opened a 125,000 square foot store on the northern edge of town. The store anchors a new 20-acre shopping hub with Starbucks, Olive Garden, and several other retail businesses. There is room for one more upscale restaurant on the site. The City is hopeful of getting a commitment in the very near future. In addition the City Council approved the Eastgate TIF, which resulted in the opening of a new Rural King store on the eastern edge of town.

Both of the City's local hospitals continue to undergo multimillion-dollar expansion projects. Cancer Care Specialists of Central Illinois and Decatur Memorial Cancer Care Institute have come together to build a 55,400 square foot facility at an estimated cost of \$15.0 million. St. Mary's Hospital will soon begin construction of a new 35,000 square foot facility at an estimated cost of \$17.0 million.

A major step in the revitalization of Downtown Decatur has been taken with the construction of the Reynolds Development Project. The 95,000 square foot facility will house two anchor tenants, as well as 15,000 square feet of retail/commercial space. The project is expected to exceed \$12.4 million.

CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008

Archer Daniel's Midland announced a partnership with the Midwest Geological Sequestration Consortium, to work on a project to demonstrate carbon dioxide storage capacity in underground formations. Researchers are looking for uses of carbon dioxide other than emitting it into the atmosphere. The project is expected to cost \$84.3 million.

Star Tek call center has made the decision to add 300 new employees and take the facility's workforce from 270 to nearly 600 employees. The facility opened its doors in 2003 and the expansion will have a positive impact on the community.

Caterpillar Inc. has announced that its off-highway truck production will expand in the Decatur plant. Five facilities in Illinois will be affected as a part of a \$1.0 billion investment from 2008 to 2010.

Secure Energy has begun construction of a new plant in Decatur. The new facility, which plans to make natural gas from coal, is due to come on line by 2011. The cost of construction is estimated to be \$550 million and will create 60 full-time jobs in addition to construction jobs and supporting jobs in trucking and mining.

Sterling Development, LLC on behalf of Heritage Place at Lakeshore just recently completed an 80-unit apartment for seniors overlooking beautiful Lake Decatur. The project has 36 single-bedroom units and 44 two-bedroom units. Along with the 80 residential units, there are other community amenities such as: beauty salon, recreational room, activity center and library.

Primrose Retirement, a senior retirement community, is currently under construction in Decatur. Once complete, the development will include a 68-unit independent and assisted two-story apartment building with exterior garages, and 25 independent living villa units with attached garages providing housing for seniors.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The Governmental Activities reflect the City's basic services, including administration, public safety, highways and streets and culture and recreation. Property taxes, shared state taxes and local utility taxes finance the majority of these services. The Business-Type Activities reflect private sector type operations, where the fee for service typically covers all or most of the cost of operations, including depreciation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008

The City maintains 18 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund and Library Fund, each considered to be a major fund. Information from the City's 16 other governmental funds are combined into a single column presentation. Individual fund information for these non-major governmental funds is provided elsewhere in the report.

The City maintains two types of proprietary funds (enterprise and internal service funds). Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, parking, mass transit, various housing programs, waste removal, and sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its fleet maintenance, self-insurance, management information services and equipment replacement. Because each of these services predominantly benefits governmental rather than business-type functions, they have been primarily included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements. The proprietary fund financial statements provide separate information for the Water Fund and the Mass Transit Fund, both of which are considered to be major funds of the City. Conversely, all of the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is similar to that used by proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements, this report also includes certain required supplementary information related to budgetary information and the City's progress in funding its obligation to provide pension benefits to its employees. Non-major fund information can be found immediately following the required supplementary information.

Net Assets:

Invested in capital assets, net	\$ 21.8	\$ 58.0	\$ 79.8
Restricted	2.4	0.0	2.4
<u>Unrestricted</u>	<u>(17.7)</u>	<u>28.8</u>	<u>11.1</u>
Total Net Assets	<u>\$ 6.5</u>	<u>\$ 86.8</u>	<u>\$ 93.3</u>

By far, the largest portion of the City's net assets reflects its investment in capital assets, less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services; consequently they are not available for future spending. 92.7 percent of the net assets are invested in capital assets.

Net assets in governmental activities total \$43.4 million, an increase of \$36.9 million from the prior year. This increase is mostly attributable to the GASB requirement that we add infrastructure such as ROW, streets, sewers, bridges and sidewalks. Long term debt is \$55.7 million, of which only \$7.1 million must be retired within the next twelve months. The City's liquidity position is very good with total assets at \$119.1 million, with only \$29.5 million in current liabilities.

Net assets in business-type activities total \$84.6 million, a decrease of \$2.2 million from the prior year. This is mostly due to the Water Fund reduction in cash and investments of \$2.5 million where revenues are not keeping up with operating expenses and money being spent for capital improvements. There is a total increase in capital assets of \$7.6 million. The current year depreciation is \$4.7 million. Liabilities have increased \$7.9 million due primarily to the bond anticipation note to finance the purchase of the Decatur Conference Center hotel which has since been sold. The note is not callable until December, 2009.

Transfers	6.8	(6.8)	0.0
Change in Net Assets	<u>\$ 4.6</u>	<u>\$ (4.8)</u>	<u>\$ (0.2)</u>

The change in net assets reflects an increase in governmental activities of \$0.2 million and in business-type activities a decrease of \$6.7 million. The total government wide change in net assets is a decrease of \$6.5 million.

Last year's change in business-type net assets was negative \$4.8 million; this year it is negative \$6.7 million. The change in net assets was greater this year due in large part to the following circumstances: There was a decrease of \$1.1 million in Mass Transit funding from the prior year due to the timing of when the grant was approved and recognized as revenue. In the Water Fund, expenses and transfers exceeded revenues by nearly \$5.8 million. The City Council has since passed an ordinance in June, 2008 that increases water rates by 45% over the next three years.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

The focus of the City's governmental funds is to provide information on the near-term inflows, outflows and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the fiscal year, the City's governmental funds reported combined ending fund balances of \$17.5 million, a decrease of approximately \$2.3 million from the prior year. This is due to the fact that expenses are increasing at a faster rate than the revenues. The following chart reflects the condensed statement of revenues, expenses and changes in fund balances (in millions).

	Major		Nonmajor	
	<u>Governmental Funds</u>		Governmental	
	<u>General</u>	<u>Library</u>	<u>Funds</u>	<u>Total</u>
	<u>Fund</u>	<u>Fund</u>

Fund Balance at Beginning of Year	<u>13.6</u>	<u>0.2</u>	<u>5.9</u>	<u>19.7</u>
Fund Balance at End of Year	<u>\$ 11.6</u>	<u>\$ 0.2</u>	<u>\$ 5.7</u>	<u>\$ 17.5</u>

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008

There was an operating loss of \$0.4 million in the Water Fund this year. If you consider the transfers to other funds, the change in net assets is a negative \$5.7 million. This is due to increased capital expenditures and transfers to the debt service fund. The \$1.0 million negative change in Mass Transit net assets was due to the timing of the grants and when they were actually received. All other funds had little or no change. The following chart reflects the condensed statement of revenues, expenses and changes in fund balances (in millions).

	Major				
	<u>Enterprise Funds</u>				
	<u>Water</u>	<u>Mass</u>	<u>Nonmajor</u>	<u>Total</u>	<u>Internal</u>

Change in Fund Balance	<u>\$ (5.7)</u>	<u>\$ (1.1)</u>

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of April 30, 2008, amounts to \$146.7 million (net of accumulated depreciation). Capital assets used in governmental activities increased by \$2.0 million. An additional increase of \$36.6 million is included in the prior year restated balance due to the GASB requirement that we begin to recognize infrastructure such as streets, ROW, sewers, bridges, and sidewalks. Capital assets used in business-type activities increased by \$3.0 million. An additional increase of \$4.6 million is included in the prior year restated balance due to an adjustment for sanitary sewer infrastructure. Refer to Note 6 for more detailed information on capital assets activity. The following charts reflect the condensed change in capital assets (in millions):

Total Business-type Activities	<u>\$ 12,844,386</u>	<u>\$ 323,447</u>

There was no change in credit ratings or debt limitations. Additional information on long-term debt activity can be found in Note 8 to the financial statements.

**CITY OF DECATUR, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2008**

ECONOMIC FACTORS

The unemployment rate for the City metro area is currently 5.7 percent. That is up 0.4 percent from the year before. While the rate is not as low as the state rate of 5.4 percent or the national rate of 5.0 percent, Decatur has shown a great deal of improvement for the past six years. During that period of time Decatur saw their unemployment rate drop from 7.6 percent in 2002 to 5.7 percent in 2008, which is 1.9 percent.

The local economy is holding its own at a time when other economies are in serious decline. As indicated earlier there is a feeling of optimism in the air. Local businesses are expanding and new ones are looking closely at Decatur. Those involved in economic development are encouraged by what they are seeing.

CITY OF DECATUR, ILLINOIS
RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET
TO STATEMENT OF NET ASSETS
April 30, 2008

Total fund balances – Governmental funds \$ 17,579,510

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds:

Capital assets	\$ 142,599,390	
Accumulated depreciation	<u>(67,339,780)</u>	
Net capital assets		75,259,610

Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the funds:

Taxes receivable	2,032,107
------------------	-----------

Internal service funds are used by the City to charge the costs of certain activities to individual funds. Certain assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets

4,811,810

Costs related to the issuance of long-term debt are recorded as expenditures when incurred in governmental funds, but are capitalized and amortized over the life of the debt issue in the statement of net assets

302,392

Interest on long-term debt is not accrued in governmental funds, but rather is recognized when due

(969,448)

Some liabilities reported in the statement of activities do not require the use of current financial resources and therefore are not reported as liabilities in governmental funds. These liabilities consist of:

Compensated absences payable	(2,615,781)	
General obligation bonds payable	(41,678,968)	
Notes payable	<u>(11,349,444)</u>	
Total long-term liabilities		<u>(55,644,193)</u>

Net assets of governmental activities \$ 43,371,788

The accompanying notes are an integral part of the financial statements.

FUND BALANCES, BEGINNING OF YEAR	13,617,913	240,673	5,957,524	19,816,110
FUND BALANCES, END OF YEAR	\$ 11,621,202	\$ 224,578	\$ 5,733,730	\$ 17,579,510

The accompanying notes are an integral part of the financial statements.

**CITY OF DECATUR, ILLINOIS
RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO STATEMENT OF ACTIVITIES
Year Ended April 30, 2008**

Net change in total fund balances		\$ (2,236,600)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Some revenues were not collected for several months after the close of the fiscal year and therefore were not considered to be "available" and are not reported as revenue in the governmental funds. The change from fiscal year 2007 to 2008 consists of:		
Taxes received from the State of Illinois		89,171
In governmental funds, debt is not reported as a liability. In the current period, proceeds were received in the amount of		(2,925,000)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported in the governmental funds.		
Increase in long-term compensated absences	\$ (49,546)	
Increase in accrued interest on debt	<u>(7,792)</u>	
Total expenses of non-current resources		(57,338)
Governmental funds report purchases of capital assets as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets.		
Capital expenditures	6,531,587	
Depreciation	<u>(5,574,066)</u>	
Capital expenditures in excess of depreciation		957,521
Internal service funds are used by the City to charge the costs of certain activities to individual funds. A portion of the net revenue of the internal service funds is reported with governmental activities on the Statement of Activities		919,951
Repayment of principal on long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets		2,518,462
Repayment of Wabash Crossing obligation included in Highways and Street expenditures in the Statement of Revenues, Expenditures and Changes in Fund Balances		1,100,000

STATEMENT 6

Bond issuances costs and discounts on issuance were reported in the governmental funds. However, these amounts have been deferred and amortized in the Statement of Net Assets

Deferred bond discount	\$ (156,237)	
Deferred bond issuance costs	<u>(17,787)</u>	
Total deferred costs		<u>(174,024)</u>

Change in Net Assets of Governmental Activities \$ 192,143

The accompanying notes are an integral part of the financial statements.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Decatur have been prepared in accordance with generally accepted accounting principles (GAAP) applicable to governments as promulgated by the Governmental Accounting Standards Board (GASB). The more significant of these accounting policies are as follows:

A. THE FINANCIAL REPORTING ENTITY

The City of Decatur is a municipal corporation with a council/manager form of government. Revenues are substantially generated as a result of taxes assessed and allocated to the City (examples would be property, sales, income, and motor fuel taxes), charges for services performed and governmental grants. Revenues are therefore dependent on the economy within the territorial boundaries of the City and nearby surrounding area and the appropriations of entitlements at the State and Federal Government level. Taxable industry within the area is primarily manufacturing and retail. The surrounding area has a substantial agricultural base.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The City's reporting entity includes the City's governing board and all related organizations for which the City is financially accountable.

Blended Component Unit:

DCDF, Inc. is a not-for-profit corporation which finances and subsidizes housing rehabilitation activities within the City. DCDF, Inc. members are comprised entirely of the City Council and the Mayor. The members, who are the governing body of DCDF, Inc., appoint a six member advisory board. The members retain ultimate control over DCDF, Inc. Therefore, DCDF, Inc. is reported as if it were part of the primary government. DCDF, Inc. is the vehicle through which a portion of the City's redevelopment efforts are conducted. All of DCDF, Inc.'s activities are directed entirely by the City. In addition, the City's employees are responsible for the day-to-day administrative and financial management of DCDF, Inc., and grant funds used by DCDF, Inc. are in the City's name. DCDF, Inc. is included as an enterprise fund in the City's financial statements. Separate financial statements are not issued for this component unit.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. THE FINANCIAL REPORTING ENTITY (CONTINUED)

Discretely Presented Component Unit:

The Decatur Metropolitan Exposition, Auditorium and Office Building Authority (Civic Center Authority) was made possible by Act 265 of the Illinois Compiled Statutes (70ILCS265/1 et seq). Its primary purpose is to provide office space and administrative services for various meeting and entertainment functions. The Mayor of the City appoints the board of directors. The Civic Center Authority imposes a financial burden upon the City due to an intergovernmental cooperation agreement in which the City agreed to pay all cash operating deficits of the Civic Center Authority. The Civic Center Authority does not have a legally adopted budget. The Civic Center Authority is presented as a proprietary fund type.

Complete financial statements for the Civic Center Authority may be obtained at: #1 Gary K. Anderson Plaza, Decatur, Illinois 62523.

Related Organizations:

The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments.

Joint Venture:

The City is a participant with Macon County, Illinois (the County) in a non-equity joint venture to provide financial support for the Decatur Macon County Law Enforcement Center. The Decatur Public Building Commission (DPBC), a separate legal entity, owns and operates the Law Enforcement Center. The DPBC is governed by a five member board composed of three appointees from the City and two from the County. See Note 12 for information about the City's transactions with the DPBC during the year. Complete financial statements for the DPBC can be obtained from the DPBC's administrative office at 333 South Franklin, Decatur, Illinois 62523.

B. BASIS OF PRESENTATION

The City's basic financial statements consist of City-wide statements, including a statement of net assets and a statement of activities, and fund-financial statements, which provide a more detailed level of financial information. The City-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from activities of the fiscal period.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. BASIS OF PRESENTATION (CONTINUED)

City-wide Financial Statements – The statement of net assets and the statement of activities display information about the City as a whole. In the City-wide statement of net assets, both the governmental and business-type activities columns are presented on a consolidated basis by column. These statements include the financial activities of the primary government, except for fiduciary activities. For the most part, the effect of interfund activity has been removed from these statements. However, interfund services provided and used are not eliminated in the consolidated financial statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The City-wide statement of activities reflects both the direct expenses and net cost of each function of the City's governmental activities and business-type activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each government function or business segment is self-financing or draws from the general revenues of the City.

Fund Financial Statements – The financial transactions of the City are recorded in individual funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and presented as nonmajor funds. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

City-wide Financial Statements – The City-wide financial statements and fund financial statements for proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the balance sheet and the operating statements present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of the timing of related cash flows.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

In accordance with GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting", the City applies all GASB pronouncements and all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless they conflict with GASB pronouncements.

For purposes of the Statement of Cash Flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

The City has reported three categories of program revenues in the statement of activities (1) fees, fines and charges for services, (2) program-specific operating grants and contributions, and (3) program-specific capital grants and contributions. Program revenues are derived directly from the program itself or from external sources; they reduce the net cost of each function to be financed from the City's general revenues. For identifying the function to which a program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

Eliminations have been made in the statement of net assets to remove the "grossing-up" effect on assets and liabilities within the governmental and business-type activities columns for amounts reported in the individual funds as interfund receivables and payables. Similarly, transfers between funds have been eliminated in the statement of activities. Amounts reported in the governmental or proprietary funds as receivable from or payable to fiduciary funds have been reclassified in the statement of net assets as accounts receivable or payable to external parties.

Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the City considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. Revenues accrued at the end of the year include charges for services, licenses and permits, fines and forfeitures, intergovernmental revenues, investment earnings, property taxes, sales taxes and income taxes. All other revenue items are considered to be measurable and available only when cash is received by the government. Nonexchange transactions, in which the City receives value without directly giving equal value in return, include taxes, grants, and donations. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

Deferred revenue is reported on the governmental fund balance sheet. Deferred revenues arise when potential revenue does not meet both the measurable and available criteria. Deferred revenues also arise when resources are received prior to the government having a legal claim to them. In a subsequent period, when both recognition criteria are met, or when the government has a legal claim to the resources, the liability is removed and the revenue is recognized.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses. Non-operating revenues and expenses include capital and noncapital financing activities and investing activities.

When an expenditure/expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the City's policy to apply restricted resources first, then unrestricted resources as needed.

Differences occur from the manner in which the governmental activities and the City-wide financial statements are prepared due to the inclusion of capital asset and long-term debt activity. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the City-wide statements and the statements for governmental funds.

The City reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the City. It is used to account for all of the general revenues of the City which are not specifically levied or collected for other City funds, and for expenditures related to public works, public safety, and other general governmental activities of the City.

Decatur Public Library Fund – This fund accounts for revenues designated to finance the City's Public Library and expenditures of such fund.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

Proprietary Funds

Proprietary funds are used to account for those City activities that are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position, and changes in financial position.

The City reports the following major proprietary funds:

Water Fund – This fund accounts for the construction, operation, and maintenance of the City-owned water treatment and distribution system. Revenues are generated through charges to users based upon water consumption.

Mass Transit Fund – This fund accounts for the operation and maintenance of the City-owned public transit system.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, other governments, or other funds. These include the following fund types: Pension Trust and Private-Purpose Trust. The Pension Trusts include the Fire Pension Fund and Police Pension Fund which account for activities as prescribed by the Statutes of the State of Illinois. The Private Purpose Trust includes the Decatur Public Library Trust Fund which accounts for expenditures designated for purchase of specific education materials.

In addition to the major funds mentioned above, the City uses the following fund types:

Governmental Fund Types:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action.

Debt Service Funds – Debt Service Funds are used to account for the City's accumulation of resources for, and the payment of, general long-term debt, principal, interest and related costs.

Capital Projects Funds – The Capital Projects Funds are used to account for the City's purchase or construction of major capital facilities, which are not financed by other funds.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

Proprietary Fund Types:

Enterprise Funds – The Enterprise Funds operations are financed similar to a private business enterprise; the intent is that the cost of the service is financed by user charges, and the activities be measured on a net income basis.

Internal Service Funds – The Internal Service Funds are used to account for the financing of goods or services provided by one department or agency or other departments or agencies of the government, on a cost-reimbursement basis. Such goods and services include maintenance of City vehicles, management information services, and administration of the City's self insurance policies.

D. POOLED CASH AND INVESTMENTS

The City maintains pooled cash accounts for different fund groups which are used to account for all cash and investment transactions of that group. Monthly interest income of each pool is distributed to the individual funds based on their average cash balance in the pool during that period.

Investments are stated at fair value. Fair value for the investment in Illinois Funds is the same as the value of the pool shares. State statute requires the State Treasurer's Illinois Funds to comply with the Illinois Public Funds Investment Act.

E. INVENTORIES

The only material inventories are those of supplies and parts in the Water Fund, Mass Transit Fund, and Fleet Maintenance Fund which are valued at the lower of cost or market, with cost determined on a first-in first-out basis. A perpetual inventory system is used which is adjusted annually based on a physical count. Cost is recorded at the time of purchase and is charged to the appropriate activity when consumed.

F. FUND EQUITY/NET ASSETS

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net assets represent the differences between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition construction of improvements of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. LONG-TERM DEBT

In the City-wide financial statements and in the proprietary fund financial statements, long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

H. CASH EQUIVALENTS

For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

I. CAPITAL ASSETS

Capital assets, which include property, plant equipment, and infrastructure assets (e.g., roads, alleys and similar items), are reported in the applicable governmental or business-type activities columns in the City-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$20,000 and a useful life of more than one year. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements to land and buildings are capitalized. Interest expense incurred during construction of capital improvements has not been capitalized.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. CAPITAL ASSETS (Continued)

<u>Category of Assets</u>	<u>Estimated Useful Life</u>
Building and other improvements	20 – 50 years
Infrastructure – roads	50 years
Office furniture	5 years
Office equipment	5 years
Water treatment equipment	10 years
Automobiles	2 – 7 years
Trucks	8 years
Buses	10 years
Other vehicles	10 years
Other machinery and equipment	5 years

J. PROPERTY TAXES

The City's property tax is levied each year by the second Tuesday of December on all taxable real property located in the City. A lien on all taxable real property is effective on January 1 of the tax year.

The City is a home rule community under the 1970 Illinois Constitution and, accordingly, does not have a statutory tax rate limit.

Property in Macon County, the county in which the City resides, is assessed by the Macon County Assessor. The values are adjusted by various percentages depending upon the type of property (residential, commercial, etc.). The assessed values are equalized by the Illinois Department of Revenue to ensure uniformity of property assessments throughout the state. The Macon County Clerk computes the annual tax rate by dividing the levy into the equalized value of each taxing unit. The Clerk then computes the tax for each parcel by multiplying the aggregate rates of all the taxing units having jurisdiction over the parcel by the equalized value. The tax amounts by parcel are forwarded to the Macon County Collector.

Property taxes are collected by the Macon County Collector who remits to the taxing units their respective shares of the collection. Taxes levied in one year become due and payable in two installments during the following year. The first installment is due no later than June 1st and the second installment is due no later than September 1st.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. PROPERTY TAXES (Continued)

Based on collection histories, the City has provided at April 30, 2008 an allowance for uncollectible real property taxes equivalent to 1 percent of the current year's levy.

Real property tax revenues are recognized when earned in proprietary funds and pension funds. Since property taxes are measurable but not available to finance current period obligations, the receivable is recorded and deferred in the governmental funds.

K. COMPENSATED ABSENCES

City employees receive vacation and sick pay in varying amounts based upon their employment anniversary dates. The City reimburses employees for accumulated vacation days upon their termination or retirement. Employees must take vacation accrued during the year of the accrual. Management and general service employees, fire, and police, may accumulate up to 240, 240, and 150 days of sick leave, respectively, to be paid upon death or retirement. The City pays no accumulated sick leave upon termination.

The liability for compensated absences (unused vacation time) of the City relating to employees of the governmental activities at April 30, 2008 of \$2,615,781 is recorded in the City-wide financial statements. The long-term portion of compensated absences will be paid from the fund from which the employee is paid.

The accumulated vacation time liability of employees charged to the Proprietary Fund Types is reported as an expense and as a liability of those funds as the benefits accrue to the employees.

L. INTERFUND TRANSACTIONS/TRANSFERS

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" for the current portion of interfund loans or "advances to/from other funds" for the non-current portion of interfund loans. All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the City-wide financial statements as "internal balances". All receivables are shown net of an allowance for uncollectibles.

M. CLAIMS AND JUDGMENTS

When a probable claim liability has been incurred at year end and the amount of the loss can be reasonably estimated, the City records the estimated loss under its self-insurance program. The claim liability includes claims incurred but not reported (IBNR), based on historical data pursuant to the self-funded workmen's compensation, comprehensive general liability, employee dishonesty, property damage, medical, dental, and unemployment compensation programs.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. USE OF ESTIMATES

The preparation of the basic financial statements in conformity with GAAP requires the City's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and/or the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

O. NEW GOVERNMENT ACCOUNTING STANDARDS

The following Governmental Accounting Standards Board (GASB) will be adopted in the future:

Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which establishes uniform financial reporting standards for other postemployment benefit plans (OPEB plans) and supersedes existing guidance. The provisions of this Statement will be effective in phases using the same criteria applied in the implementation of the new governmental reporting model, starting with periods ending April 30, 2009.

Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, establishes standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures, and if applicable, required supplementary information. The City is required to implement this Statement for the year ending April 30, 2009.

Management has not determined the impact these statements will have on the financial position and results of operations of the City.

The provisions of Statement No. 34 relating to the reporting of previously acquired infrastructure were implemented for fiscal year 2008.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. APPROPRIATED BUDGET AND BUDGETARY ACCOUNTING

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. An appropriated budget is legally adopted through the budgetary process on an annual fiscal year basis for the General Fund, special revenue funds, debt service funds except for the Special Assessment Fund, the capital projects funds, enterprise funds, and internal service funds.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

2. The process is initiated in December of each year, with the departmental requests presented in February to the Budget Review Committee composed of the City Manager, Deputy City Manager, and Director of Financial Management.
3. The City Manager's proposed and balanced executive budget is presented to the City Council during March with a public hearing and final adoption taking place prior to April 30th of each year.
4. The appropriated budget is legally enacted through the passage of an Appropriation Ordinance before the end of July of each year. The Appropriation Ordinance includes changes from the approved budget and is adopted after an additional public hearing.
5. Both the appropriated budget and Appropriation Ordinance are prepared on a cash basis – non GAAP. The Budget to Actual schedules include the amounts of timing differences necessary to reconcile the non-GAAP actual to GAAP actual fund balances for the General and major Special Revenue Fund.
6. The level of budgetary control is by department and therefore, expenditures within a fund cannot legally exceed appropriations on a departmental basis. The City's departments are comprised of the following: Legislative, Executive, Management Services, Legal, Financial Management, Police, Fire, Economic and Urban Development, Neighborhood Services, Public Works, and Other Non-Departmental Charges.
7. Anytime after six months of the fiscal year have elapsed, the appropriated budgets can be amended by the City Manager to reflect transfers within departments. Budgeted amounts reflected in the accompanying appropriated budget and actual comparisons are as amended by the year-end budget revisions.
8. Supplemental appropriation ordinances may be passed by the Council should a new unanticipated source of revenue develop for a specific purpose.
9. All unexpended appropriations lapse at year-end requiring reappropriation the following year.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

There were no funds that had actual expenditures/expenses in excess of the appropriated amount for the year ended April 30, 2008.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 3 – DEPOSITS AND INVESTMENTS

The City has adopted formal investment policies and procedures as recommended by a citizens' investment advisory committee and approved by the City Manager, all within the guidelines established for the investment of public funds in accordance with the Illinois Compiled Statutes. The City is authorized by statute and policy to make deposits or investments in obligations of the United States Government; obligations of states or their political subdivisions; savings accounts, time deposits, certificates of deposit, or other investments which are direct obligations of banks as defined by the Illinois Banking Act; credit union shares; repurchase agreements; commercial paper rated within the three highest classifications by at least two standard rating services; the Illinois Public Treasurer's Investment Pool; and funds managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company. Pension funds may also invest in certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivision, stocks, mutual funds, and Illinois insurance companies' general and separate accounts. The City's investment policy also has established maximum limits for investments in uncollateralized certificates of deposit, money market accounts, and banker's acceptances for specific financial institutions as approved by the City Council, and has limited the City's investment in commercial paper to only the top rated. The City's deposits, including certificates of deposit, were fully insured or collateralized as required by state statutes at April 30, 2008. At year end the carrying value of the City's deposits, including certificates of deposit, was \$3,273,171 and the respective bank balances totaled \$3,278,789, not including cash on hand of \$7,005. Included in the bank balances are certificates of deposit totaling \$500,000.

Interest Rate Risk – the risk that changes in interest rates will adversely affect the fair value of an investment. The City's formal investment policy states the portfolio shall remain sufficiently liquid to meet all operating costs which may be reasonably anticipated. In addition, the City shall maintain a diversity of investments to avoid unreasonable risks. The portfolio should obtain a comparable rate of return during a market/economic environment of stable interest rates.

Credit Risk – the risk that an issuer or other counter party to an investment will not fulfill its obligation. The standard of prudence to be used by the City shall be the "prudent person" standard which states:

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the possible income to be derived.

The above standard is established as the standard for professional responsibility and shall be applied in the context of managing the City's overall portfolio.

Custodial Credit Risk – the risk that a government will not be able to cover deposits if the depository financial institution fails or will not be able to recover collateral securities that are in the possession of an outside party. The City's deposit policy allows that funds on deposit in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent, third-party institution in the name of the City. As of April 30, 2008, the City's bank deposits were fully collateralized.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)

As of April 30, 2008, the City had the following investments:

Investment Type	Fair Value	Investment Maturities (in years)			
		Less Than 1	1-5	6-10	More Than 10
Cash and money market	\$ 22,511,589	\$ 22,511,589	\$ -	\$ -	\$ -
Certificates of deposit	1,420,804	499,999	680,891	140,564	99,350

Municipal bonds	6,534,947	-	1,398,087	3,804,754	1,332,106
U.S. Treasury bonds	2,183,212	-	112,508	395,446	1,675,258
U.S. Treasury notes	5,081,468	615,330	1,520,072	1,936,434	1,009,632
Mutual funds	28,510,593	28,510,593	-	-	-
Common stock	14,691,428	14,691,428	-	-	-
Total	\$ 139,763,502	\$ 68,285,086	\$ 25,606,273	\$ 18,484,431	\$ 27,387,712

The City invests in various investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets.

Investments in The Illinois Funds

The State Treasurer maintains the Illinois Treasurer's Investment Pool (Pool) at cost and fair value through daily adjustment in the interest earnings. The State Treasurer also maintains the average duration of the pool at less than 25 days. The Pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. The Pool maintains a Standard and Poor's AAA rating. The City's investments in the Illinois funds are not required to be categorized because these are not securities. The relationship between the City and the investment agent is a direct contractual relationship and the investments are not supported by a transferable instrument that evidences ownership or creditorship. At April 30, 2008, the City had \$16,769,628 in the Pool, which approximates fair value.

All funds deposited in the Pool are classified as investments even though some could be withdrawn on a day's notice. Although not subject to direct regulatory oversight, the fund is administered in accordance with the provisions of the Illinois Public Funds Investment Act, 30 ILCS 235.

NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments in The Illinois Funds (Continued)

At April 30, 2008, cash and cash equivalents for the Civic Center Authority are comprised of bank deposits totaling \$42,861, cash on hand of \$1,764, and deposits with the Illinois Funds of \$53,511. Bank deposits were fully covered by federal depository insurance. The Civic Center Authority's restricted investments are comprised of the following:

	<u>Carrying Amount</u>
Mutual funds	\$ <u>52,665</u>
Reconciliation of notes to financial statements:	
	<u>Primary Government</u>
Carrying amount of bank deposits – per note above	\$ 3,273,171
Cash on hand – per note above	7,005
Investments – per note above (including Illinois Fund)	<u>156,533,130</u>
Total	<u>\$ 159,813,306</u>
Statement 1	
Cash and equivalents	\$ 26,529,111
Long-term investments	16,465,182
Statement 10	
Cash and short-term investments	14,123,090
Long-term investments	<u>102,695,923</u>
Total	<u>\$ 159,813,306</u>

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 4 – INTERFUND RECEIVABLES AND PAYABLES

Interfund receivables and payables as of April 30, 2008 are summarized below:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
Major Governmental Funds:		
General	\$ 43,750	\$ -
Library	-	43,750
Nonmajor Governmental Funds	95,731	285,248
Nonmajor Enterprise Funds	<u>285,248</u>	<u>95,731</u>
Total interfunds	<u>\$ 424,729</u>	<u>\$ 424,729</u>

Interfund receivables and payables are primarily used to record:

- Interfund loans related to collection of revolving loan payments due to another fund.
- Interfund loans relating to negative cash balances.
- Interfund loans relating to loans between funds for various programs.

NOTE 5 – TRANSFERS

The following transfers were made during the fiscal year between funds within the primary government:

	<u>Transfers In</u>	<u>Transfers Out</u>
Major Governmental Funds:		
General	\$ 4,894,615	\$ 2,263,216
Library	-	1,200
Nonmajor Governmental Funds	5,735,755	1,545,905
Major Enterprise Funds:		
Water	29,190	6,045,922
Mass Transit	40,766	148,530
Nonmajor Enterprise Funds	226,206	713,987
Internal Service Funds	<u>3,469,248</u>	<u>3,677,020</u>
Total interfunds	<u>\$ 14,395,780</u>	<u>\$ 14,395,780</u>

The transfers represent both routine and non-routine items. Generally, routine transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Non-routine transfers were made from the TIF Fund to the General Fund of \$300,000 as repayment of funds borrowed in prior years.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 7 – RECEIVABLES (CONTINUED)

Notes receivable are loans made through the DCDF, Inc. housing rehabilitation program under the terms of mortgage-secured installment notes with interest rates ranging from zero to six percent. The term of the notes is not to exceed twenty years. Notes are classified as either installment or deferred. Deferred notes have repayment terms beginning sometime in the future.

In accordance with the Statutes of the State of Illinois, the revenue derived from water main tapping approximates the City's cost of providing the service.

NOTE 8 – LONG-TERM DEBT

The following is a summary of changes to the City's long-term debt for the fiscal year:

	<u>Obligations Outstanding May 1, 2007</u>	<u>Debt Additions</u>	<u>Debt Retirement</u>	<u>Obligations Outstanding April 30, 2008</u>	<u>Due Within One Year</u>

Wabash Crossing Infrastructure Loans

The City has committed to the expenditure of up to \$10,339,218 for the construction and installation of infrastructure for the purpose of the redevelopment of the Near North in conjunction with the Decatur Housing Authority (DHA) and Eastlake Management and Development Corporation (Eastlake) as part of the HOPE VI grant awarded to the DHA from the United States Department of Housing and Urban Development for the rehabilitation and redevelopment of Longview Place and the area immediately adjacent thereto. The project consists of the construction of 249 new residential units known as Wabash Crossing along with the related construction and installation of certain items of infrastructure such as streets, sidewalks and water and sewer mains. As part of the Development Agreement between the City, DHA, and Eastlake, DHA has committed to make one or more loans or grants of development funding to the Revitalization in the aggregate amount of the HOPE IV Grant and applicable portion of the Capital Fund less DHA administrative, consultant, and other applicable costs.

C. Compensated Absences

It is the City's policy to permit employees to accumulate a limited amount of earned compensated absences for unused vacation time, which will be paid to employees upon separation from City service. In Governmental Fund Types, the cost of these benefits is recognized when payments are made to employees. Enterprise Fund Types accrue vacation time benefits in the period in which they are earned. A liability representing the City's commitment to fund such costs from future operations has been recorded in the Statement of Net Assets in the amount of \$2,615,781.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 8 – LONG-TERM DEBT (CONTINUED)

D. Conduit Debt

The City, through its participation in an intergovernmental agreement with several Illinois municipalities, has issued Collateralized Single Family Mortgage Revenue Bonds to provide financial assistance to low and moderate income residents for the purchase of single family residences. The bonds are secured by property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired property transfers to the resident. Therefore, none of the participating municipalities are obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as a liability in the accompanying financial statements. The original amount of the issuance was \$250,000,000.

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED BENEFIT PLANS

A. Plan Descriptions, Provisions and Funding Policies

The City contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple employer public employee retirement system; the Police Pension Plan which is a single employer pension plan; and the Firefighter's Pension Plan which is also a single employer pension plan. None of the pension plans issue a separate report. However, IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained at www.imrf.org/pubs/pubs_homepage.htm or by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois, 60523.

IMRF

IMRF provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly.

Employees participating in IMRF are required to contribute 4.50 percent of their annual covered salary. The member rate is established by state statute. The City of Decatur is required to contribute at an actuarially determined rate. The employer rate for calendar year 2007 was 9.96% of payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis (overfunded liability amortized on open basis). The amortization period at December 31, 2007 was 25 years.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED BENEFIT PLANS
(CONTINUED)

A. Plan Descriptions, Provisions and Funding Policies (Continued)

IMRF (Continued)

For December 31, 2007, the City of Decatur's annual pension cost of \$1,324,877 was equal to the City of Decatur's required and actual contributions. The required contribution was determined as part of the December 31, 2005 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10.0% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period with a 15% corridor. The assumptions used for the 2007 actuarial valuation were based on the 2002-2004 experience study.

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

At May 1, 2007 the Police Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to but not yet receiving benefits	115
Current employees	
Vested and nonvested	<u>157</u>
Total	<u><u>272</u></u>

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years. Employees with at least 8 years but less than 20 years of credited service may retire at or after the age of 60 and receive a reduced benefit.

**CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008**

**NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED BENEFIT PLANS
(CONTINUED)**

A. Plan Descriptions, Provisions and Funding Policies (Continued)

Police Pension Plan (Continued)

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Administrative costs are financed through investment earnings. By the year 2033 the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.

Firefighters' Pension Plan

The Firefighters' Pension Plan is a single-employer defined benefit pension plan that covers all sworn fire personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

At May 1, 2007 the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to but not yet receiving benefits	113
Current employees	
Vested and nonvested	111
Total	224

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the monthly salary attached to the rank held on the date of retirement. The pension shall be increased by 2.5 percent of such monthly salary for each additional month over 20 years of service through 30 years of service. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS – DEFINED BENEFIT PLANS
(CONTINUED)

A. Plan Descriptions, Provisions and Funding Policies (Continued)

Firefighters' Pension Plan (Continued)

Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Administrative costs are financed through investment earnings. By the year 2033 the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is fully funded.

B. Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statement disclosures are prepared using the accrual basis of accounting. Employee and employer contributions are generally recognized when due. If contributions are not made when due, they are only recognized as contributions (and a related receivable) if they are due pursuant to formal commitments, or because of statutory or contractual requirements. Separate plan financial statements are not prepared for the police and fire pension plans. Benefits and refunds of the defined benefit pension plan are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Significant Investments

There were no investments (other than U.S. government and U.S. government guaranteed obligations, and mutual funds) in any one organization that represents 5 percent or more of net assets available for benefits.

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

C. Annual Pension Cost and Net Pension Obligation (Continued)

The pension liability at transition was determined in accordance with GASB Statement No. 27, "Accounting for Pensions by State and Local Governmental Employers". There was no net pension obligation for the IMRF Plan at transition or at year end. There also was no pension liability at year-end for the Police and Firefighters' Pension Plans.

D. Trend Information

Employer annual pension cost (APC), actual contributions and the net pension obligation (NPO) are as follows. The NPO is the cumulative difference between the APC and the contributions actually made.

	<u>Year</u>	<u>Illinois Municipal Retirement</u>	<u>Police Pension</u>	<u>Firefighters' Pension</u>
Annual pension cost (APC)	2005	\$ 880,429	\$ 2,311,360	\$ 2,172,022
	2006	1,278,345	2,766,759	2,782,070
	2007	1,324,877	2,890,037	3,069,618
Actual contributions	2005	\$ 880,429	\$ 2,311,360	\$ 2,172,022

NOTE 10 – CONTINGENT LIABILITIES

The City participates in a number of federally assisted grant programs, principal of which are the Community Development Block Grant, HOME, and Federal Transit Administration programs. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs for and including the year ended April 30, 2008, have not yet been conducted. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amounts, if any, to be insignificant.

The City, as landowner of an industrial center, has a potential environmental liability arising from the activities of various tenants at the site. The City has entered into a cost sharing agreement with three other parties to fund an investigation to determine the degree of each party's responsibility. While there is no current claim by any State, Federal, or local agency against the City, any such agency could take action to accelerate a clean up of the property. The City and its legal counsel believe that primary liability will rest with the prior owners. No estimate of the liability can be made at this time.

NOTE 11 – LITIGATION

There are several lawsuits pending against the City for various reasons. The outcome and eventual liability of the City, if any, in these cases are not known at this time and, accordingly, no specific provisions for these lawsuits are included in the financial statements. However, based upon past experience, management believes that the self-insurance funds and other insurance coverage maintained by the City are sufficient to cover any potential claims.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 12 – COMMITMENTS

The City has the following commitments:

- A. As a result of the City's involvement in the construction of the Civic Center building, the City and the Civic Center Authority entered into an intergovernmental cooperation agreement which included a negotiated 99 year rent-free lease for office space. The lease terms require the City to pay only utility and maintenance costs based on square footage occupied, which is approximately 40 percent of the space.

In applying the Statement of Financial Accounting Standards No. 13, *Accounting for Leases (SFAS 13)*, this lease should be capitalized due to its term and included in the general long-term debt account group. However, since these costs represent executory costs and are not quantifiable, the lease has not been capitalized and is classified as an operating lease. Also, since the costs are not quantifiable, the future minimum lease payments are not determinable.

The City is committed to maintaining a \$100,000 cash operating reserve and paying all cash operating deficits of the Civic Center Authority.

- B. The City has entered into a noncancellable 12-month lease with the Decatur Public Building Commission (DPBC). The City is leasing the law facility center from the DPBC. The lease requires the City to levy property taxes to make annual rental payments to the DPBC to pay maintenance and utility costs of the center. During the year ended April 30, 2008, the City paid \$199,637 to the DPBC.

In applying SFAS 13 the lease has been determined to be an operating lease and should not be capitalized. The lease has been classified as an operating lease since the fair value of the center cannot be objectively allocated (the City has an approximate 14 percent interest) and the estimated economic life of the center is estimated to be greater than 27 years.

As of April 30, 2008 there are no future minimum rental payments and the lease expired November 1, 2007.

- C. In 1990, the City and the Sanitary District of Decatur (District) entered into intergovernmental agreements to rehabilitate South Broadway-Cantrell Streets sewer, Staley sewer, Spring Creek sewer, and West Mound sewer. The State of Illinois EPA issued a 20-year loan to the District. The City is contributing funds to the District to cover a portion of the District's loan payments. The last principal and interest payments will be made April 5, 2015. The City's share of the remaining payments at April 30, 2008 is as follows:

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 12 – COMMITMENTS (CONTINUED)

Year Ending <u>April 30</u>	<u>Amount</u>
2009	\$ 146,804
2010	146,804
2011	146,804
2012	146,804
2013	137,834
2014-2015	<u>195,372</u>
Total	<u>\$ 920,422</u>

D. The City has committed to the expenditure of up to \$10,339,218, of which \$7,015,873 has been paid or expended for the construction and installation of infrastructure for the purpose of the redevelopment of the Near North in conjunction with the Decatur Housing Authority (DHA) and Eastlake Management and Development Corporation (Eastlake) as part of the HOPE VI grant awarded to the DHA from the United States Department of Housing and Urban Development for the rehabilitation and redevelopment of Longview Place and the area immediately adjacent thereto. The project consists of the construction of 249 new residential units known as Wabash Crossing along with the related construction and installation of certain items of infrastructure such as streets, sidewalks and water and sewer mains.

E. Other Commitments:

At April 30, 2008, the City had contractual commitments of approximately \$480,385 for capital improvement programs.

The City provides certain health care benefits through the group insurance plan for retired employees, as required by State statute. Substantially all of the City's employees become eligible for those benefits if they reach normal retirement age while working for the City. Retired employees reimburse the City for applicable premiums paid by the City.

NOTE 13 – RISK MANAGEMENT

The City is self-insured for worker's compensation, comprehensive general liability, employee dishonesty, property damage, medical, dental, and unemployment compensation claims. The unemployment compensation is funded totally by the City. The medical program is insured for amounts above the self-insurance retention limits of \$200,000 per individual and approximately \$6,044,358 in the aggregate by an insurance carrier. The other programs are insured for amounts above the self-insurance retention limits of \$150,000 by an insurance carrier. There have been no significant reductions in insurance coverage from the prior year. During the past three fiscal years, there have been no settlements that exceeded insurance coverage.

Rates are developed annually to fund the self-insurance programs, both claims and administrative costs, in the self-insurance internal service fund. All funds and departments of the City are charged monthly thereafter based on their loss history and exposure.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 13 – RISK MANAGEMENT (CONTINUED)

The claims liability of \$4,332,236 and \$3,071,157 reported in the Fund at April 30, 2008 and 2007 respectively, is based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability account in fiscal years 2008 and 2007 were:

	<u>May 1, 2007 to April 30, 2008</u>	<u>May 1, 2006 to April 30, 2007</u>
Beginning of fiscal year liability	\$ 3,071,157	\$ 2,617,271
Current year claims and changes in estimates	8,836,960	9,469,764
Claims payments	<u>(8,830,705)</u>	<u>(9,015,878)</u>
Total	<u>\$ 3,077,412</u>	<u>\$ 3,071,157</u>

NOTE 14 – RELATED PARTY TRANSACTIONS

The City has an agreement with the Civic Center Authority whereby the City occupies a portion of the Civic Center Building as municipal offices and reimburses the Authority for its portion of occupancy related expenses.

The City is required to maintain the Authority's operating reserve fund at \$100,000. The City is required to replenish this fund whenever it falls below \$100,000. The Authority has not required this fund to be maintained at \$100,000, but reimbursement has been made as cash flow dictates. During 2008, the City contributed \$343,693 to the Authority.

During 1999, the City entered into an agreement with the Authority to finance the replacement of the heating, ventilating and air conditioning system controls in the Civic Center Building. The agreement provided that the City pay the entire cost of the replacement contract of \$189,112, and that the Authority will pay the City \$112,000 in annual installments of \$16,000, no interest, over seven years beginning January 2, 1999. The receivable from the Authority has been recorded at present value using a 7% discount factor.

During 2000, the City entered into an agreement with the Authority to finance any repairs necessary to upkeep the facility as determined by the architects. Roof replacement and tuckpointing repairs were completed in 2000. The City has an agreement that the City pay the entire cost of \$451,961, and the Authority will pay the City \$264,899 in annual installments of \$25,000, no interest, until paid off beginning January 2, 2001. The receivable from the Authority has been recorded at present value using a 7% discount factor.

The City has agreed to defer repayment under these two agreements to a time when the Authority can repay them.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 14 – RELATED PARTY TRANSACTIONS (CONTINUED)

The present value of the amounts due from the Authority under these agreements is as follows:

	<u>HVAC System</u>	<u>Roof and Tuckpointing</u>	<u>Total</u>
Prior years' payments – deferred	\$ 54,195	\$ 113,107	\$ 167,302
Due in:			
2009	-	20,987	20,987
2010	-	22,457	22,457
2011	-	13,878	13,878
	<u>54,195</u>	<u>170,429</u>	<u>224,624</u>
Current	<u>-</u>	<u>(20,986)</u>	<u>(20,986)</u>
Noncurrent	<u>\$ 54,195</u>	<u>\$ 149,443</u>	<u>\$ 203,638</u>

Accrued interest on the deferred prior year payments as of April 30, 2008 is as follows:

<u>HVAC System</u>	<u>Roof and Tuckpointing</u>	<u>Total</u>
<u>\$ 9,805</u>	<u>\$ 61,892</u>	<u>\$ 71,697</u>

NOTE 15 – FUND EQUITY

The following funds had a deficit fund balance at April 30, 2008:

Main Place Section 108 Loan	
Guarantee Fund	\$ 40,929
CDBG Fund	35,637
Letter of Credit Project Fund	108,370
Hotel Fund	126,131

The above deficits are expected to be eliminated from future revenues and/or transfers.

The beginning of the year fund equity of the following fund has been adjusted as follows:

	Fund Equity 5/1/07 (As Previously Reported)	Prior Period Adjustment	Adjusted Fund Equity 5/1/07
Sewer Fund	\$ 2,044,085	\$ 4,595,237	\$ 6,639,322

The increase to beginning equity in the Sewer Fund was to record sewer line additions that were expensed in a prior year.

CITY OF DECATUR, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
April 30, 2008

NOTE 16 – IMPLEMENTATION OF NEW ACCOUNTING PRONOUNCEMENTS

As allowed under GASB 34, the City elected in 2004 to record infrastructure on a prospective basis. However, as of May 1, 2007, the City restated its beginning net assets to include all infrastructure.

As a result of the City recording all its infrastructure for the fiscal year ended April 30, 2008, the following restatement was made to beginning net assets for governmental activities.

Government-wide financial statements. Beginning net assets for governmental activity was determined as follows:

Governmental activities net assets as of April 30, 2007, as previously reported	\$ 6,535,109
Add: Infrastructure assets not previously capitalized as of April 30, 2007	71,562,130
Deduct: Accumulated depreciation as of April 30, 2007 on above infrastructure assets	<u>34,917,594</u>
Governmental activities net assets, restated, as of May 1, 2007	<u>\$ 43,179,645</u>

This information is an integral part of the accompanying financial statements.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds are used to account for revenues from specific taxes or other earmarked revenue sources which, by statute, charter provision, or local ordinance, are designated to finance particular functions or activities of the government as follows:

The Illinois Municipal Retirement Fund (IMRF) accounts for revenues, including property tax levies and charges to other funds, and expenditures to the State administered retirement system for all general service employees.

Main Place Section 108 Loan Guarantee Fund accounts for federal revenues to rehabilitate commercial facilities.

Wabash Crossing Fund accounts for Section 108 federal funds received to finance the Wabash Crossing Project.

The HOME Fund accounts for federal funds used in a revolving loan program for subsidizing the purchase by first time buyers of homes within designated areas of the City.

Community Development Block Grant (CDBG) Fund accounts for entitlement revenues from the U.S. Department of Housing and Urban Development (HUD) and designated expenditures in the areas of housing and neighborhood revitalization, public facilities improvement, and economic development.

The TIF Fund accounts for the tax increment financing for capital improvements in the declining areas.

The Drug Enforcement Fund accounts for revenues received through drug seizure forfeitures and expenditures to enhance law enforcement efforts.

The Municipal Band Fund accounts for revenues, including property taxes levied for this activity, and expenditures for the City's Municipal Band.

The Historical and Architectural Sites Commission (HASC) Fund accounts for revenues and expenditures designated for the historic preservation of the City.

The Motor Fuel Tax Fund accounts for revenues, including the City's motor fuel tax allotment from the State, and expenditures for street improvements and traffic light maintenance.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Debt Service Funds are used to account for the accumulation of resources for, and the payment of principal and interest on general obligation debt, serial and term, other than revenue debt issued for and serviced by a governmental enterprise.

The Debt Service Fund accounts for revenues, including transfers from other funds, and expenditures for the purpose of servicing general obligation debt issued to finance the improvements of streets, the dredging of Faries Park Basin of Lake Decatur, and the purchase of communication equipment.

The Special Assessment Fund accounts for the collection of special assessments levied against property owners within five assessment districts: Lake Beach, North Fork, Norwood Heights, Sunnyside, and LaRose; and the payment of principal and interest on general obligation bonds issued to finance improvements in the district's sanitary sewer system.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds).

The 2004 Bond Capital Fund is used to account for capital improvements that are financed by the proceeds of the 2004A General Obligation Bonds.

The Capital Projects Fund accounts for continuous capital projects, which are financed primarily from intergovernmental revenues, charges for service, and investment income. This fund accounts for revenues and expenditures for numerous related capital projects.

The Letter of Credit Project Fund is used to account for capital improvements that are financed by the proceeds of a letter of credit.

The Wabash Crossing LOC Fund is used to account for the City's portion of Wabash Crossing Phase II.

NONMAJOR PROPRIETARY FUNDS

Enterprise Funds are established to account for operations: A) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or B) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control accountability, or other purposes.

The Motor Vehicle Parking System Fund is used to account for the construction, operation, and maintenance of the City-owned parking system.

The Sewer Fund accounts for the construction, operation and maintenance of the city-owned storm water sewer system.

DCDF Fund accounts for the not-for-profit corporation which finances and subsidizes housing rehabilitation activities in the City.

The Home Mortgage Fund accounts for the activity of a program for subsidizing the construction of homes for purchase within designated areas of the City.

The Recycling Fund accounts for the operation of the city-wide residential recycling program.

The Hotel Fund accounts for management fee income and debt service of hotel purchased in 2008.

INTERNAL SERVICE FUNDS

Internal Service Funds are established to finance and account for services and commodities furnished by a designated department or agency to other departments and agencies within a single governmental unit on a cost reimbursement basis. Amounts expended by the fund are restored thereto, either from operating earnings or by transfers from other funds, so that the original fund capital is left intact.

The Fleet Maintenance/ERF Fund accounts for services provided by the City's garage for repair and maintenance of motorized vehicles and equipment and for funds transferred from operating departments for the expenses of operating and replacement of City equipment. Capital outlay for automotive and other machinery and equipment is from this fund.

The Self Insurance Fund accounts for financial resources, including payroll deductions and the City's contribution, and expenditures made for payment of medical, non-medical, unemployment claims, flexible spending program, and the related costs for the programs.

The Management Information Services Fund accounts for services provided by the City's Management Information Services Division.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for resources received and held by a governmental unit as agent or trustee for individuals, private organizations or other governments.

The City has two types of Fiduciary Funds as follows:

Pension Trust

The Fire Pension Fund and the Police Pension Fund account for activities as prescribed by the Statutes of the State of Illinois.

Private-Purpose Trust

The Decatur Public Library Trust Fund expenditures are designed for the purchase of educational materials.

Statistical Section

This part of the City of Decatur's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographics and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

CITY OF DECATUR, ILLINOIS
TAX INFORMATION
April 30, 2008

- Taxes Assessed:** The owner of property on January 1, in any year, is liable for taxes for that calendar year.
- Taxes Due:** Current taxes on real property may be paid in two equal installments. The first installment is due not later than June 1st, and bears interest at the rate of 1 1/2% per month after June 1st, until paid or forfeited. The second installment is payable not later than September 1st, and bears interest at the rate of 1 1/2% per month after September 1st, until paid or forfeited.
- Payable:** The current City property taxes are payable at the Office of the County Treasurer, who is also the county Collector.
- Tax Sale:** Application for judgment and sale in cases where taxes are not paid is made during the month of October. A Monday in October is fixed for the date of the sale by the County Treasurer. Tax bills are sold to the bidder who offers to pay the accumulated amount of the tax and to charge thereon the lowest rate of interest. The maximum of interest provided by law is 18% every six months for a period of two years. The purchaser of the tax bill is given a certificate of purchase for each piece of real estate.
- Redemption:** Redemption may be made by the owner by payment of the tax bill in full to the County Clerk including 18% penalties, plus \$4.00 service charge at any time before issuance of tax deed.
- Tax Deed:** Two years and six months from the day of the annual tax sale, the holder of a certificate of purchase which has not been redeemed may, by fulfilling the statutory procedures and paying all subsequent tax bills, obtain a tax deed. This deed must be issued before the expiration of seven years after the annual tax sale or the certificate becomes void.

CITY OF DECATUR, ILLINOIS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying schedule of expenditures of federal awards is prepared on the accrual basis of accounting.

NOTE 2 – NON-CASH ASSISTANCE

The City did not receive any federal non-cash assistance during the fiscal year ended April 30, 2008.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance With *Government Auditing Standards***

The Mayor and City Council
City of Decatur, Illinois

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Decatur, Illinois as of and for the year ended April 30, 2008, which collectively comprise the City of Decatur's basic financial statements and have issued our report thereon dated October 14, 2008. We did not audit the financial statements of the Civic Center Authority, which is included as a discretely presented component unit, but were audited by other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs to be a significant deficiency in internal control over financial reporting (2008-01).

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We believe that finding 2008-01 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain other matters that we have reported to management of the City in a separate letter dated October 14, 2008.

This report is intended solely for the information and use of management, members of the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Clifton Gunderson LLP

Darville, Illinois
October 14, 2008

**Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control
Over Compliance in Accordance with
OMB Circular A-133**

The Mayor and City Council
City of Decatur, Illinois

Compliance

We have audited the compliance of City of Decatur, Illinois (City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended April 30, 2008. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended April 30, 2008.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A *control deficiency*, in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, members of the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Clifton Gunderson LLP

Danville, Illinois
October 14, 2008

**CITY OF DECATUR, ILLINOIS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended April 30, 2008**

Section I – Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: unqualified opinion

Internal control over financial reporting:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes None reported

Noncompliance material to financial statements noted? Yes No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weakness(es)? Yes None reported

Type of auditor's report issued on compliance for major programs: unqualified opinion

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of OMB Circular A-133? Yes No

Identification of major programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
20.507	Federal Transit Formula Grant
20.205	Highway Planning and Construction Grant

Dollar threshold used to distinguish between type A and type B programs: \$ 300,000
Auditee qualified as low-risk auditee? Yes No

Section II – Financial Statement Findings

FINDING NO. 2008-01 – FINANCIAL STATEMENT PREPARATION, INCLUDING CASH TO ACCRUAL BASIS ADJUSTMENTS

Criteria or Specific Requirement: Financial Statement Preparation, Including Cash to Accrual Basis Adjustments.

Condition: The City engages Clifton Gunderson to assist in preparing the necessary cash to accrual basis adjustments and its financial statements and accompanying disclosures. However, as independent auditors, Clifton Gunderson cannot be considered part of the City's internal control system.

Context: The City Council and management share the ultimate responsibility for the City's internal control system.

**CITY OF DECATUR, ILLINOIS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended April 30, 2008**

Section II – Financial Statement Findings (Continued)

**FINDING NO. 2008-01 – FINANCIAL STATEMENT PREPARATION, INCLUDING CASH
TO ACCRUAL BASIS ADJUSTMENTS (CONTINUED)**

Effect: While it is acceptable to outsource various accounting functions, the responsibility for internal control cannot be outsourced.

Cause: Currently the City's personnel do not have sufficient financial statement reporting and accounting knowledge to perform a review of the City's financial statements and related disclosures including the necessary cash to accrual basis adjustments, to provide a high level of assurance that any potential material omissions or other errors would be identified and corrected.

Recommendation: The City should continue to monitor the cost benefit of compliance with the internal control system.

Views of Responsible Officials and Planned Corrective Action: The City's management is aware of the need for the knowledge necessary to complete the necessary cash to accrual basis adjustments, financial statements, including disclosures in accordance with generally accepted accounting principles and will continue to monitor the cost benefit in regards to the issue.

Section III – Federal Award Findings and Questioned Costs

None to report.

**CITY OF DECATUR, ILLINOIS
SCHEDULE OF STATUS OF PRIOR FINDINGS
Year Ended April 30, 2008**

Finding No. 2007-1

**FINANCIAL STATEMENT PREPARATION, INCLUDING CASH TO ACCRUAL BASIS
ADJUSTMENTS**

Condition: The City engages Clifton Gunderson to assist in preparing the necessary cash to accrual basis adjustments and its financial statements and accompanying disclosures. However, as independent auditors, Clifton Gunderson cannot be considered part of the City's internal control system.

Condition has not been corrected. This finding is repeated.
