

# VEHICLE FOR HIRE COMPANY LICENSE

## CERTIFICATE OF TAXI METER INSPECTION

**(NOTE: A separate form must be used for each taxicab meter inspected – Make copies if necessary for additional meters)**

I, \_\_\_\_\_, being a qualified officer of  
(Inspector's name – **printed**)

\_\_\_\_\_,  
(Name of business or firm who employs the inspector – **printed**)

do hereby certify that the taxi meter in the below described taxicab to be licensed hereunder has been checked and:

**(CHECK EACH THAT APPLIES – All must be checked in order for meter to comply with City Code)**

- Is accurate within in 5% of the measured distance traveled by the taxicab;
- The face of the meter has suitable light so arranged as to throw a continuous, steady light which allows the reading on the meter to be clearly visible to any passengers between sunset and sunrise; and
- The case of the meter is sealed, with cover and gear workings intact.

**DESCRIPTION OF TAXICAB IN WHICH METER WAS INSTALLED – This section must be legible and completed in its entirety for the meter inspection to be valid for license approval)**
